

HAKKIM MUBARAK

Software Developer | Java Backend | Spring Boot

hakkim0948@gmail.com • +91 7695988783 • LinkedIn: [Hakkim Mubarak](#) • Github: [Hakkim94](#)

PROFESSIONAL SUMMARY

Computer Science Engineering graduate with hands-on experience in Java, Spring Boot REST APIs, SQL databases, and frontend development. Completed internships in web development and data engineering. Seeking an entry-level software developer role to build scalable, efficient applications and grow within a collaborative team.

TECHNICAL SKILLS

Programming Languages	Java, C, C++
Backend Frameworks	Spring Boot (REST APIs), Maven
Databases	MySQL, Oracle SQL — query writing, data cleaning, validation
Web Technologies	HTML, CSS, JavaScript (Frontend Development)
Tools & Platforms	Git, GitHub, Postman (API testing)
Core Concepts	Object-Oriented Programming (OOP), Data Structures & Algorithms, RESTful API Design
Soft Skills	Problem-Solving, Team Collaboration, Adaptability, Quick Learning

INTERNSHIP EXPERIENCE

Web Developer Intern | Vebbox Software Solutions

June 2023

- Developed responsive and interactive web pages using HTML, CSS, and JavaScript, improving cross-device compatibility.
- Collaborated with UI/UX designers and senior developers to enhance frontend performance and user experience.
- Participated in code reviews and applied feedback to improve code quality and maintainability.

Data Engineer Intern | Scion Research & Development

June 2024

- Wrote complex SQL queries to extract, clean, and validate structured datasets for business analysis and reporting.
- Improved data quality by identifying inconsistencies and applying transformation techniques during ETL processes.
- Gained hands-on experience with data validation pipelines, contributing to more accurate and reliable reporting outputs.

PROJECTS

Intelligent Blood Management System

- Healthcare platform for managing donor and recipient communication and blood request workflows.
- Built using Spring Boot REST APIs with structured data handling and role-based request management.
- [Website Link](#)

Library Management System

- Designed a backend system for managing book inventory, user records, and borrowing operations.
- Implemented CRUD operations using Java and object-oriented design principles.

EDUCATION

Bachelor of Technology — Computer Science & Engineering

Periyar Maniyammai Institute of Science and Technology, Tamil Nadu

Expected Graduation: 2026
